

**OTSEGO LAKE TOWNSHIP
SPECIAL MEETING MINUTES
MARCH 10, 2009**

Meeting called to order by Supervisor Wagar at 5:35 p.m. Board members present; Wagar, Markovich, Baker and Brown. Absent; Jacobs. Also present two audience members.

Baker informed the board that there is a possibility of obtaining funds for constructing restroom facilities at the township park by applying for grant monies. This grant would not be available for approximately a year and a half, but we must have our plans for the project submitted by April 1, 2009. After discussion it was decided to go ahead with the plans for the restrooms at the park.

The county wide ATV ordinance will be discussed at the Otsego County Township Officers Association meeting to be held at Hayes Township on March 17, 2009. They will be discussing roads that the individual townships want to be open to ATV's and what roads we want to restrict the use by ATV's. All board members are encouraged to attend this meeting.

Township resident Stults presented comments for the good of the township concerning problems he has with the way the township board of review was conducted. He feels that they are not doing their job in the manner it should be and felt the alternate should not be stating his opinions. Also has concerns that the Open Meetings Act is not being followed.(Minutes corrected per motion at March 19, 2009 board meeting.)

Meeting adjourned at 6:25 p.m. Meeting posted in accordance with the Open Meeting Act.
